

Session 2: Treatment of Oesophago-Gastric Cancer: Setting the Stage – Who Benefits from Multimodal Therapy

Chairs: Michel Ducreux (France), Paul M. Schneider (Switzerland)

- **Magnus Nilsson, Sweden:** Which tumours need more treatment than just surgery?
- **Angela Riddell, UK:** What imaging is needed to select patients for neoadjuvant treatment & where are the limitations?
- **Marcel Verheij, The Netherlands:** Patterns of recurrence to guide selection of multi-modal treatment?
